MESSAGE FROM PRESIDENT GEORGE HOWELL

Dear Pawnee Tribal Members:

First, on behalf of my family, I thank all those kind people who offered us prayers, gentle thoughts, condolences, contributions, food sharing, and keeping vigil upon the recent passing of my younger sister, Barbara Howell Chevarillo on February 17, 2011. The support shown our family was consoling. My family thanks you and appreciates your kindness.

The Pawnee Nation has been busy on many fronts. On 3-15-2011, for example, a joint venture between the Pawnee Nation Transportation Department and Pawnee County Commissioners, culminated in the dedication of a completed bridge. This bridge replaces a very old and narrow structure was once known as, "the bridge where the goat was hung." The new one is just short of the length of a football field. Along with Pawnee Nation members who live in this vicinity of the county, this access for safer passage also benefits other Pawnee County residents.

This year, we again welcomed a group of Social Work students from Millikin University from Decatur, Illinois. A group of students comes every three years during their spring break to work on projects for the Pawnee Nation. This is the second group of students who has spent spring break with us. Their Director/Instructor, Mary Garrison, said they look forward to coming to Pawnee and thoroughly enjoy the trip and experience. The Pawnee Nation welcomed the students warmly and accommodated them in our usual hospitable tradition. The current nine student visitors gave the Community Building a fresh coat of paint.

The Pawnee Nation's very own Pawnee Nation College is coming into its own under the direction of Dr. Todd Fuller. Pawnee NationC has teamed with Bacone College, Muskogee, OK in offering Associate and Bachelor degrees. This extraordinary effort has come a long way in the last five years. The Pawnee NationC institution is coming into its own with a high level of professionalism, particularly in quality of staff committed to the pursuit of education. I believe firmly that education levels the playing field for American Indians. Take advantage of it, it is in our own back yard!

Dr. Yvette Roubideaux, Director of Indian Health Service, sent me a letter requesting my comments on a Memorandum of Agreement (MOA) among the BIA, BIE (Bureau of Education), and IHS agencies on alcoholism and substance abuse. I will consult with representatives from these tribal agencies and provide comments with direct tribal input.

I recently served as the OKC- IHS Area representative to the IHS national budget formulation work group in Tempe, AZ. All twelve Indian Health Service Areas presented their priorities. The consensus indicated: (1.) Behavioral Health; (2.) Contract Health; (3.) Facility Construction as the three major priorities. Targeting these three top concerns means needing more funds to meet the health needs of American Indians. This is a long and ongoing issue and we have made some gains; but that is not good quality health care so we continue to push our agenda.

One good factor is that we ensure tribal level input through the representatives serving on these committees.

Thank you and have a Blessed Easter!

— President George Elton Howell

With my membership on the Pawnee Business Council, I will continue striving to benefit the Pawnee Nation with my work on projects to increase good quality health for the people. I believe that without comfortable health status, whatever else we may accomplish means little when poor health deters people from enjoying their family, children, traditional events, peace of mind, or even a good meal. My membership will also continue benefiting the Nation by my pursuing the progress we have made in building the Nation's resources, strengthening the infrastructure to save money (energy), building and restructuring facilities to accommodate tribal people's needs. Another benefit of my membership involves education. We have purchased the Berry Building in Pawnee for education and museum activities. I am a passionate supporter and advocate for any Pawnee looking to advance education. his/her **Promoting** students to stay in high school, technical school, Pawnee Nation College, OU/OSU is to pull out all stops to help the students succeed. I will continue to assist education funding to ensure an education for our people. With all the proposed federal cuts in education, we will meet the challenge head on.

There are many issues currently facing the Pawnee Nation. However, I will address the top three that are most pressing:

#1. Financial stability and progress from which we can continue moving forward. The first step in a long list of economic accomplishments was the opening of the StoneWolf Casino sixteen months ago in Pawnee. That was a venture long overdue and was finally reached. It was an event long in the works and required working in cooperation with many people, which included the late PBC Treasurer Les Hand. There have been some obstacles did occur in the past few months and must be worked out. We need meaningful input with realistic business plans which include feasibility studies; mostly, however, there must be access and availability of funds. We want to continue asserting our independence and sovereignty by from dependency getting away upon grants. I will actively pursue every avenue to keeping the Pawnee Nation moving forward. If major changes needed to be made based upon substantial rational and data, we will make those necessary changes. Half-baked risky ventures to build the Pawnee Nation's future on does not make for stability. This is an area to build on with scrutiny and professional consultation, well thought out planning which must be meaningful to the Pawnee Nation.

#2. Health is another top priority to address. I work toward making a positive impact on the health of Indian people. On the committees for which I have been selected involves many dedicated people committed to paving the way to ensure that health care for Indian people remains at the top of the list and that funding cuts are minimal. I will continue to work with the CEO of Pawnee IHS to address the care of those not listed as "Priority." Any individual's health setback is considered a priority. Good quality healthcare is an area that I will continue to strive

to impact the lives of the Pawnee people. wherever they may live. and the lives of other Indian people.

#3. This priority addresses the general needs of the Pawnee Nation tribal members. The funeral funding and money availability for the elders are some of the areas I want to expand upon. The basic needs of our people are utmost important to many of us. Starting with the children, I will follow through with a fund for children's school supplies at the beginning of each school year. This idea was first proposed at a Council meeting open forum by Mr. Bill Howell. At first glance, this seems like an simple thing, but generating ideas such as this helps us to meet the basic needs of the people. I look forward to hearing vour ideas.

I was raised by my grandparents, parents, aunts and uncles not to brag about myself. My grandmother, Sarah Chapman, would remind us every now and then of remaining humble, especially when one of my older cousins got a little feisty. I was rather concerned when I first decided to run for office in 2003. I knew that in a campaign speech pounding on your chest often catches someone's eye. How was I to keep a balance and still be honest in teaching my younger family members about humility? In keeping with tradition, I went to see the oldest member of my family at the time, my dearest Uncle Hank Stoneroad.

I explained the situation to him, he said he was glad to know I was running for PBC. He said for me to merely tell the truth of what I had done and not to forget to thank those who had helped me along the way. Uncle Hank said to always live to make someone else's life better. In this election of 2011, I had told him early on that I thought I would run again, he said I had his blessings and to do good for the people. That is what I plan to do. Thank you.

CANDIDATE FOR PRESIDENT

MARSHALL R. GOVER

My name is Marshall Nowah. Gover and I am running for Pawnee Business Council President. My grandparents paternal were Shield Chief and Viola Wilde. My maternal grandparents were Marshall Smith and Clara Smith, who were Baptist Ministers. I am the son of Steven G. Gover and Vera Faye Gover; who were on the Southern Baptist Mission Board. I am a Vietnam combat veteran and served honorably in the Marine Corps from 1965 to 1969.

If elected to serve as Pawnee Business Council President, I will work toward the betterment of the Pawnee Nation. I believe that the Pawnee should be at the forefront of Indian Country, and that we should serve as leaders in government, business, and all of our endeavors. We have the best tribal employees and tribal members of any nation, and we should use these resources to show the world our greatness. For example, I recently witnessed the singing of our Pawnee Flag Song at the opening ceremony of the National Congress of American Indians winter conference in Washington D.C., and I felt great pride that our Pawnee Flag song was included in a national event.

I believe a tribal leader should be aware of the traditional aspects of

the Pawnee People, and that he should understand and participate in these events. We have many events that reflect our strong ties to our ancestors; such as Visitation, Veterans Dance, Skidi Dance, Kitkehahaki Dance, Young Dog Dance, funerals, feasts, and handgames. Our Pawnee peoples should be aware of the distinction between the uniqueness of our Pawnee War Dance and the intertribal pow-wow ways. When possible, our tribal leaders should attend these functions.

With an economic crisis in the U.S. and the likelihood of Federal budget cuts, these are trying times for the Pawnee Nation. I believe that our tribe should use inventive. creative means to seek out alternatives to federal grant funds. We should diversify our sources of revenue by pursuing economic development initiatives, private sources of funding, and other viable alternatives. The Pawnee have a strong warrior tradition, with a history of combat service from the Pawnee Scouts, to Veterans of the Spanish-American War, World War I, World War II, Korean War, Vietnam War, Desert Storm, and present day conflicts. For this reason we are known as men of men. Chaticks Si Chaticks. We should use this ability to fight for the Pawnee Nation's tribal services and programs, and the future of our children and grandchildren.

The Pawnee have a strong belief in God Almighty and his son Jesus Christ. Our forefathers' belief in Atias Tirawa Hut carried them well, and our belief in him will carry us into the future. I have often heard our people say, "Pray for me". I am asking you to not only to pray for me, but to pray with me for our Pawnee People. With your vote and the power of prayer we can achieve much, and we can go far.

GOVERnment is for all!

Military Service:

United States Marine Corps: I served in the United States Marine Corps during the Vietnam War. I was a Tank Commander, whose duties included being in command of a million dollar tank, plus five crew men. I did three tours of duty in Vietnam and as a result I was designated to have a 100% Service Connected Disability. After completion of my service I received an Honorable Discharge.

Professional Experience:

Work history prior to 1980- After returning from Vietnam, I went to work in Tulsa. During the first few years, I spent learning the Machinist Trade, and

eventually earned the highest skill level in this field, as a Tool and Die Maker.

HILTI Industries

this experience, With Industries in Tulsa hired me as a Tool and Die Maker to go to their Minneapolis, MN facility. My duties were to learn the company's operation then be instrumental in moving the company back to Tulsa. This Tool and Die Maker Position is a specialized field and commands top paid money in the trades' field. It consists of either doing the work and when over loaded taking the work to outside vendors to bid on the jobs. You needed to know who does best work and at a reasonable price, plus be able to meet the deadlines. I worked at Hilti for 18 years, until I received an on the job injury.

United States Department of Veterans Affairs:

In August of 2000, I was hired as a Counselor/Investigator GS-5, and eventually retired with the rating of GS-12. My work involved investigating Equal Employment Complaints for the VA's Office of Resolution department and the Equal Employment Commission. My duties were to counsel employees to help them determine if they had a valid Equal Employment Complaint. As a certified federal Mediator, I was able to resolve the majority of the Claims; if an Employee was not satisfied and they could then take it to the next level, and either myself or another investigator would do the complete investigation; which could involve traveling to their duty station for an assessment. When complete, my comprehensive report was then to be reviewed by a Federal Judge for his ruling and determination. After this service, I retired in 2008.

Describe how your membership on the Pawnee Business Council will benefit the Pawnee Nation:

My oath I would swear when becoming a member of the Pawnee Business Council is to serve "The Pawnee Nation", not a part of the Pawnee Nation, not only my family or my friends, but all the Pawnee Nation. This will be a large benefit to the Nation and will be always a part of my decision making process. This is the only style of governing that will allow us to take our Pawnee Nation out from under a very large indebtedness and be able to be prosperous like our neighboring tribes.

Now for the process for making competent decisions, which always starts with listening to all views, but always remaining skeptical? I will use by experiences in business and working with the Federal Government as a background, and then my due diligence in verifying the opportunity or the proposal will lead me down various paths. It will start with researching the subject, looking for comparables, seeking counsel from specialist for their opinion, then making the best decision at the time.

This style of decision-making is what you received, when you honor me with this responsibility. When any elected Pawnee Nation employee votes on any issue, you want competent, unbiased, and well researched decisions that only have the betterment of the whole Pawnee Nation in mind. Anything less is not acceptable.

The world we live in cries out for direct communication between Tribal Members and our elected officials. When and if you have questions or want to be heard, how can you make this happen? I am Richard Tilden and I will listen, just email me at rtpawnee@cox.net anytime, or write me at PO Box 470682 Tulsa, OK 74147. I will hear your concerns, questions and problems regarding the Pawnee Nation, and you will receive an answer. When any tribal member wants to contact their elected officials directly and in private and can have their voice heard, the whole Nation benefits.

Identify the top three priorities

currently facing the Pawnee Nation's tribal government, and briefly describe how you will address these priorities:

- 1. Improve on communication between all members of the Pawnee Nation and our Business Council, Nasharo Council and Pawnee Tribal Development Corporation and other governing bodies and boards. Disclosure of voting record of elected officials is the process that will lead us into transparency in government. Currently, the minutes of each meeting do not detail the individual's vote on any particular issue, and no knowledge of who is presenting the information to the Council Table for discussion and vote. We do not have set procedures that guarantee fairness for all Pawnee Nation members, regardless of their political views. With openness and disclosure being a part of our meetings, what follows is fairness and transparency.
- 2. Inclusion of the vast number of qualified, experienced, and educated, Pawnee Nation members in Universities, Government and Business from around the world in the decision making process to help in the direction our Nation is proceeding. We have the technical means to use video conferencing, and telephone-conferencing to invite our Pawnee Nation members this vast experience and knowledge to our council tables and use their insight on the direction our Nation is going. Their capabilities could also be used in planning 5, 10 and 20 yearlong range plans for the Nation. We need to compile a database of all Pawnee Nation members, their capabilities, experience and abilities, and then use this information to call on them to assist the Nation in the progress as we go forward.
- 3. Inclusion of all qualified Pawnees for employment. Insuring that every qualified Pawnee has the opportunity to have his qualifications being judged fairly for every position they are qualified for is paramount to fairness. Complete transparency of all meetings, except when restricted by law, will allow the most qualified to be hired to the betterment of the Pawnee Nation.

COUNCIL SEAT 1 CANDIDATE

RONALD J. RICE SR.

Ronald J. Rice Sr. of Pawnee, Oklahoma was born and raised in Pawnee by his parents' the late Charles and Lida RidingIn-Rice. He attended High School at Chilocco Indian School and then continued on to Haskell Indian Jr. College. He is married to Minnie, daughter of the late Vance and Elizabeth Justice-HorseChief,Sr. Ronald and Minnie have been married for 36 years. They have raised their three children and been blessed with seven grandchildren.

During the past 30 years, Ronald has developed, owned and operated three successful businesses while living in Pawnee and abroad: Ronald Rice and Associates Consultant and Public Relations for Indian Country, Ronald Rice

Remodeling and Contracting Services, and AlterNative Family Restaurant.

Mr. Rice has served as an elected official of the Pawnee Nation for eight years; he served as Council Member, Vice-President and President. He has served as a Corporate Board Member for our Pawnee Tribal Development Corporation for four years and also as the past President for the Pawnee Title VII Indian Education Parent Committee.

Ronald feels having served as a former Elected Official, and Corporate Board Member of the Pawnee Nation, it has afforded him the knowledge and experience that will be needed to address issues and concerns in regards to:

- 1. Providing the direction for our Tribal Development Corporation that is goal orientated and measurable for future development.
- 2. Providing for our Pawnee Nation Community in case of an Emergency caused by Natural Disaster.
- 3. Addressing issues coming forth from State Official Tom Coburn.

These issues as well as others he will actively pursue in hopes of benefiting our Pawnee Nation.

The Pawnee Nation's Constitution states, "No member of the Pawnee Nation of Oklahoma, eighteen (18) years of age or older, shall be denied the right to vote by secret ballot, either in person or by absentee ballot, provided that no write-in votes shall be allowed."

COUNCIL SEAT 2 CANDIDATE

ELIZABETH BLACKOWL

Elizabeth (Leading Fox) Blackowl attended and graduated from the local Indian Boarding School in Pawnee, Haskell Institute in Lawrence, KS. She then graduated from Oklahoma Baptist University Located in Shawnee, OK and received a Bachelor of Arts in Psychology and Sociology. Elizabeth began working on her Master of Social Work Degree at the Warren Brown School of Social work at Washington University in St. Louis, MO. She completed her Master of Social Work Degree at University of Oklahoma in Norman, OK.

Elizabeth's first employment was with the Pawnee Indian Boarding School as a dormitory attendant. Later, she began employment with the Bureau of Indian Affairs, in the Education Department with the Bordertown Dormitory Program in New Mexico and Arizona. She returned to Oklahoma and began employment with the Oklahoma Department of Child Welfare Division; from there she went to

work with the B.I.A as a social worker, after 30 years of working with the B.I.A, she retired and returned to Pawnee.

In 1995, Elizabeth became interested in tribal politics and was encouraged to run for office. Mrs. Blackowl was elected and became the first female to be President of the Pawnee Business Council. She has served on the Pawnee Business Council for 14 years. Since returning to Pawnee, she has been asked to serve on numerous boards, committees, and organizations, all of which she has graciously obliged.

Elizabeth's priorities are to continue efforts to improve administrative infrastructure such as laws, codes, and other policies and procedures necessary to strengthen our government. She wishes to improve policies regarding equal opportunities and fairness to tribal employees and employment and training for tribal members. Elizabeth expects to identify and support revenue resources including gaming expansion as well as improve upon our present gaming activities to increase tribal revenue.

Elizabeth did state her curiousness over the seemingly lack of interest on the part of individuals not desiring to experience serving on the Business Council for the Pawnee Nation. She realizes that it is difficult since there are no salaries for members who must have a source of income especially if they have a family. This is one reason we must identify tribal revenue to encourage younger individuals to participate in the Pawnee tribal government.

COUNCIL SEAT 2 CANDIDATE

KARLA KNIFECHIEF

Nowah! I am Karla KnifeChief, Granddaughter of the late Irene Knife Chief Gonzales and Manual Gonzales, and Daughter of Joanne Gonzales Rankins and JW Rankins of Pawnee OK. My son is Bobby KnifeHawk Johnson, 19 years old and my Daughter, Skidi Star Leading Fox, 10 years old. We all live in Pawnee, OK.

I am a candidate for the upcoming Pawnee Nation Election for Council Seat #2, Member.

I was born here in Pawnee, OK at the Pawnee IHS Hospital, February 3, 1963. I have lived in California, Texas, Arizona and Oklahoma. I moved back to Pawnee in 1997 and have been here ever since. I lived most of my life in Texas, where I attended elementary through High School in Wichita Falls, TX, and

I also attended Midwestern State University. While living in Arizona I attended Motorcycle Mechanics Institute and received a Technician Degree in motorcycle mechanics.

I am a hard worker. I believe I have a strong sense of fairness inherited from my family. I have worked for many programs of the Pawnee Nation; Housing CIAP Program, Education, Tribal Employment Rights Office (TERO), Repatriation, Grounds Maintenance, Special Diabetes Program, Supervisor to the Housekeeping and Grounds Maintenance Department of the Pawnee IHS, and the Pawnee Health Center Project.

I previously served on the Housing Authority Board of Commissioners for two and a half years (June 2003- Dec 2005). I am currently employed at the Housing Authority of the Pawnee Tribe of Oklahoma as the Administrative Assistant and as the Homebuyer Educator. I have received many certificates for training over the past 14 years, all relating to the Tribal Programs and Government. Most recently, I completed New Municipal Officials Training, with the Oklahoma Municipal League; a requirement for the Pawnee City Council, in November 2010. I currently represent Ward #1 for the City of Pawnee as a Member of the City Council.

I am an active volunteer for the Pawnee Bill Memorial Rodeo, and also volunteer for the Bikes for Tykes each in year during Christmas. I participated with the Pawnee Seed Preservation Project and Dancers of the Plains, in Kearney, NE, as well as participating in the Pawnee Language Program and am interested in doing so again. My Family, as well as myself, are members of the Pawnee Chapter of the Native American Church.

I would like to be elected to the PBC to represent all the Pawnee people the best way I can. I want all Pawnee tribal members to be considered when the Council is making decisions on their behalf. I would like the PBC to have the monthly meetings in the evening or weekends so any of our Tribal Members, or employees, can attend without having to take off their daytime job. I would like to see more Elders, young men and women attend these meetings, to provide input or to just be fully informed about what is going on throughout the Pawnee Nation.

We are all Pawnee and want good things to happen for our Tribe in a good way. I am looking forward to the future of the Pawnee Nation, and believe we can make good things happen. In making a decision, I will take into consideration the voice of all Pawnee Tribal Members. We need to look towards the future with a plan for our Tribe.

If a Tribal Member has questions, those questions should be answered. This information includes any questions about the Pawnee Tribal Development Corporation (PTDC), a business created by the Pawnee Nation, for the Pawnee Tribal members; they work for us, and

all of us. The benefit of having the PTDC, is that it earns money for the Pawnee Nation. With this not being grant money, we can do what we choose with this money. A Revenue Allocation Plan can and will help us determine a plan for Pawnee Nation's success with this Pawnee Corporation. I am very interested in Pawnee Nation's success and would like to see more economic development to create more employment. Not just with the gaming, but with more businesses in town or at the Tribal Reserve.

The Tribal Round House, the Community Building, the Camp Grounds; they all could use some rehab work. These buildings and lands are investments of the future of our Tribal Members. We need to take care of them so they will last for generations to come. We also need to take care of our water supply. We need to build assets so we can invest in the future of Pawnee Nation. When we create a business, we should have a plan in place to train Tribal Members for the positions being created, and hire them to work for their tribe. Let's keep up with the times!

If you will VOTE for me, I will do the best I can because I care about our Elders, Families and the future of their children and the generations to come! With many, many blessings, Thank you for your time and God Bless You All! "ET DE WAY DO DA HEY"!

With Faith, Love, Hope and Charity, I remain, Karla Knife Chief, Pawnee Skidi Tribal Member.

PAWNEE NATION HELD SKEDEE BRIDGE DEDICATION

By Ashlee Worley, Communications Manager

On Tuesday, March 15, 2011, the Pawnee Nation, in collaboration with Pawnee County, held a dedication ceremony for the completion of the Skedee Bridge Project.

The \$1.3 million dollar bridge was a joint venture between the Pawnee Nation of Oklahoma and Pawnee County. It was contracted to Plains Bridge Construction of Yukon, Okla. on December 11, 2009 and was completed on February 23, 2011.

"With this new bridge, we are serving all the people in Pawnee County, not just our Pawnee Nation Tribal Members," said Pawnee Nation President George E. Howell.

The bridge was funded with ARRA Stimulus Funds in the amount of \$649,514 and the balance of funds from Pawnee Nation Transportation Indian Reservation Road funds.

"This bridge is just proof of what the Pawnee Nation and Pawnee can accomplish by working together, said Dale Carter, Pawnee County Commissioner District 3/Chairman.

The Skedee Bridge is located two miles east of Skedee, on the Skedee-Blackburn Road (County Road E0440).

2010 A SUCCESSFUL YEAR FOR PAWNEE TRIBAL DEVELOPMENT CORPORATION

By Lindsey Teter, TDC Marketing Director

Based on year-end financial results, 2010 is Pawnee Tribal Development Corporation's most successful year yet. In a year of success defined by the corporation's revenue generated, assets developed and job creation that culminated with an annual payroll of more than \$3.3 million. Pawnee Tribal Development Corporation (PTDC) is the corporate arm of the Pawnee Nation. Although PTDC is established as a separate entity of the tribe, it is wholly owned by the Pawnee Nation.

REVENUE CREATION: In 2010, the corporation paid more into the

tribe than any previous year. The total year-end amount of payments made to the tribe for assessments, licenses, profit distribution, rents and sales taxes totaled \$856,539.

\$387,879 or 78% of PTDC's operational income for the year is distributed directly to the Tribe. In addition, PTDC made payments and accruals to Pawnee Commissions for assessments and licenses for the year to \$271,859. The Trading Post retail operations, the StoneWolf Grill, the Travel Plaza retail operations and Subway combined to collect and remit \$105,267 of sales tax to the Tribe for the year. Direct rent payments of \$91,534 were paid for rental of tribal facilities for the year.

ASSETS: In 2010 the corporation added several new operations to its portfolio, StoneWolf Casino & Grill, a 200 machine gaming facility with a 75-seat restaurant and bar. In addition, during late 2010 a decision was made to replace the corporation's Subway franchise with its own 'StoneWolf Deli', the new operation being branded under StoneWolf. By removing the franchise, the Subway franchise fees and advertising fees were eliminated thereby eliminating those expenses. This move allows for more opportunity for profits, and more flexibility to create a business model for a smaller, more efficient operation to complement the late night hours of StoneWolf Casino.

JOB CREATION: In align with the corporation's mission of economic development, PTDC created a payroll of more than \$3.3 million in 2010. At year end, PTDC employed 131 people, approximately 90 of which are Native American. Full time employees enjoy benefits that include Health, Life and Dental insurance.

The corporate profile includes StoneWolf Casino, StoneWolf Grill, Trading Post Casino & retail, Stone-Wolf Travel Plaza and StoneWolf Deli. PTDC provides corporate management and oversight to all operations.

MILLIKIN UNIVERSITY STUDENTS SPEND SPRING BREAK AT PAWNEE NATION

Millikin University Students with President George E. Howell and Executive Director, Dawna Hare.

By Ashlee Worley, Communications Manager

Human service projects on Spring Break is not the typical college students' idea of fun, but one group of exceptional students from Millikin University in Decatur, Illinois, did just that. These students are part of the school's group, Human Service Connection, where the goal is to obtain experiential learning opportunities where they can connect theory to practice outside the classroom. The group was made up of nine female students and their instructor, Mary

Garrison.

While the students were at the Pawnee Nation, they painted buildings, cleaned up at the North Cemetery, and helped out with the Title VI program. They also attended many different events throughout the Pawnee Nation, and enjoyed a little bit of the Pawnee Culture.

President George E. Howell educated the students on the Pawnee history, ranging from removal from Nebraska to present day at the Pawnee Nation. He gave the students insight on the everyday ins and outs of the Pawnee Nation, along with the trials faced every day.

"Being in the classroom, you can learn a lot of history and theory, but actually coming here to Pawnee and actually meeting the people and learning from them, has been an incredible part of the trip," said Katilin Hutson, student.

The students were embraced by everyone at Pawnee, who showed them our Pawnee Hospitality. The Executive Office Staff, Cynthia Butler, Vi

Wills and Louise Stevens scheduled and coordinated all the events and activities for the students. They spent many hours of their personal time and money to make sure the students felt welcome and appreciated.

Some of the students were overwhelmed by how kind and gracious everyone was to them. Like Brittany Thatcher, she didn't expect to meet so many of our Pawnee people on such a personal basis. "Everyone has been so generous, and we've had to learn how to accept generosity gracefully. I've been brought up to be independent, and it's been a challenge for me to allow the people to take care of me while I'm here."

This experience relates to everything the students learned in their human services courses, but this trip allowed them to focus particularly on diversity. They have already taken a cultural diversity class, where they've learned about the Native American culture, but this lets them bridge the gap from textbooks to exposing them to everyday reality.

Three years ago, another group of students from Millikin University, along Garrison, came and did the same type of renovation projects at the Pawnee Nation, one was painting the Roundhouse. We were honored that another group came back this year, and very appreciative for all they did while at the Pawnee Nation.

KITKEHAHKI SPRING DANCE

Kitkehahki Band of the Pawnee Nation is having their Kitkehahki Spring Dance on April 23, 2011 at the Pawnee CampGrounds and if weather is bad, it will be at the Round House. A noon meal to be served. Everyone is welcome to attend and all men and women dancers are invited. Kitkehahki, Chaui, Pitahawirata, Skidi Bands are invited to attend and dance.

The Kitkehahki Dance is for all our Pawnee People, this ceremony is one of the few dances our Pawnee People have and still maintain and practice. Prayers to Atitus, pipe ceremony, corn ceremony and cedar ceremony will be conducted. Please come and pray, dance and eat with the Kitkehahki Band and celebrate the coming of a new season.

The dance is sponsored by Morgan LittleSun, Kitkehahki Band Chief. For more information, please contact Karen Haymond at (918) 762-3624 and krhaymond@hotmail.com, or Walter Echo-Hawk at wechohawk@gmail.com. If you would like to help, donations are being accepted, please notify Karen or Walter.

DR. CHARLES KNIFE CHIEF RECEIVES PRESIDENT'S DIVERSITY AWARD

Dr. Charles Knife Chief, Medical Director of Health Care Quality and Health Information Technology at Blue Cross and Blue Shield of Oklahoma, was recognized by the Health Care Service Corporation as the 2009-2010 recipient of its President's Diversity Award. Dr. Knife Chief serves as a Member at Large of the Executive Committee of the Board of Trustees of Indian Health Care Resource Center of Tulsa.

Since joining the Blue Cross and Blue Shield of Oklahoma (BCBSOK) in 2008, Dr. Knife Chief has been a great champion of diversity in both his work and personal life. A Native American from the Pawnee Indian Tribe, he has helped BCBSOK to ensure strong relations with the local tribal nations by serving as a cultural bridge through a variety of health initiatives. He is also a participant in the OrganWise Guys program, which provides education on the benefits of physical activity and healthy eating choices to elementary school children, many of whom are ethnic minorities.

Dr. Knife Chief serves as the BCBSOK representative for the Greater Tulsa Health Access Network, which is developing a health information exchange for various stakeholders, including community clinics that provide care for the minority populations. In 2009, he served as a panel member of the Sovereignty Symposium, sponsored by the Supreme Court of Oklahoma, to discuss the role of sovereignty and its impact on the status of Native American health care and providing coverage/access to care for Native Americans.

Health Care Service Corporation (HCSC) is a customer-owned health benefits company focused on improving the health and wellness of its members and communities. HCSC is the largest customer-owned health insurer in the

United States and fourth largest overall. HCSC operates through its Blue Cross and Blue Shield plans in Illinois, New Mexico, Oklahoma and Texas, and several subsidiaries to offer a variety of health and life insurance products and related services to employers and individuals.

HCSC believes health care decisions are best made where the services are delivered. That's why its divisions are locally focused and deeply involved in the communities they serve. HCSC's focus on diversity and inclusion continues to distinguish the organization as a leader in an increasingly multicultural marketplace. For these reasons, the HCSC Diversity and

Inclusion Council congratulates and thanks Dr. Knife Chief for setting such an outstanding example for diversity support and promotion. Kudos as well from the IHCRC Board of Trustees and the IHCRC management team.

PAWNEE NATION HOSTS SEARCH & RESCUE TRAINING

By Gerald Woommavovah, Pawnee Nation Emergency Services Coordinator

On February 25th 2011, the Pawnee Nation Fire Department hosted Five Hour Basic Search & Rescue Training. Training was conducted at the old Pawnee Nation Clinic to help Firefighters learn to work together for a command goal "to save lives and to make sure every firefighter goes home after the call". Twenty five Firefighters from Pawnee and surrounding counties attended class. This training meets parts of the NFPA 1500 and OSHA 29 CFR 1910 for its Firefighters as well as the Firefighters in Pawnee County.

Training was over Basic Search of a multi story building, Basic Thermal Imaging Camera Operations, Personal Protective Equipment limitations, Communication with your team members, Rapid Intervention Teams Responsibilities, Primary Rapid Intervention Team Duties, Secondary Rapid Intervention Team Duties and Standard Rapid Intervention Team Equipment & Tool Safety.

Training was put together to bring the local fire departments together to work as a team. In-

structors were from Pawnee Nation, Cleveland City, Pawnee City Fire Department.

A Special thanks to Gerald Woommavovah, Monty Matlock, Kelton Kersey, James Novotny and Stephen Stephens for putting on this much needed training for our Firefighters. All firefighters that attended received "Certificate of Participation" from the Pawnee County Training Coordinator and left with knowledge of knowing their limitations of their Personal Protective Gear, Being able to communicate with their team members, How to locate a person or fellow firefighter that has become disoriented or lost in a burning structure, What equipment is needed to complete these tasks, and to know what their own personal limitations are.

We will be conducting more of these classes within a few months and want to invite other Tribal Firefighters and Firefighters trough out Oklahoma to come join in our training. Next Training being planned will be: Removing Live Victims/down Firefighters from a building (Vision and obscured vision).

For more info contact Gerald Woommavovah at (918) 762-3655.

PA>EE PAKOO>OO NEWS

April is a very exciting month in the Pa>ee Pakoo>oo Building. The weather has finally begun to warm up and we are now able to move our learning outside. With Spring beginning March 20th, we are very excited about this season. We are planning to prepare our garden beds this month. All of our students will be taking part in the preparation and planting of our garden center. They will also be in charge of the upkeep and care of the plants. We are looking forward to a bountiful harvest. If you get a chance drive by and check out all of the progress taking place this Spring in our garden.

Our Thematic unit this month in The Pa>ee Pakoo>oo build is "I Build! I Create!" During this Thematic Unit our students will learn about construction terminology, machines, tools and products. The will prac-

tice using their imaginations as they construct, build, and create. We will also be continuing our journey through the alphabet and our number line through the number ten.

Miss Melissa's class has begun exploring the wide world of science this month. They will be performing a new science experiment every Friday from our Quirkles Curriculum. Please try and ask your child how these experiments are going. They love to share their learning experiences with you!

Miss Tobi's class has been working on the Pawnee Language words for some of the body parts. The words that we have covered so far are buxsu, Hakow, Ki>koo, Joosoo and oosoo. Ask your child if they can help you figure out which body parts these are!

STATEWIDE PROJECT INVITES COMMUNITY PARTICIPATION "BUILD A BLUE RIBBON TREE" TO HELP PREVENT CHILD ABUSE

The Child Abuse Prevention (CAP) Action Committee invites every community to take action for children by participating in their third annual "Build a Blue Ribbon Tree for Kids" campaign. The blue ribbon is the international sign for child abuse prevention and serves as a constant reminder that all of us have a responsibility in helping to protect children.

The Oklahoma State Department of Health (OSDH) along with various community organizations are working together to build a "Blue Ribbon Tree" state. Blue Ribbon Trees will be blossoming throughout Oklahoma communities in April, which is National Child Abuse Prevention Month. The theme for this year is, "It's Your Turn to Make a Difference in the Life of a Child." Tree photos will also be highlighted and displayed during the Child Abuse Prevention Day at the State Capitol on Tuesday, April 12, 2011, and in the Child Abuse Prevention Month official scrapbook.

A "Tree Registry" form is provided for people and organizations to register their trees with the OSDH Office of Child Abuse Prevention. To participate, trees must be completed and registered before April 5, 2011. The registration form is also available to print from the OSDH Web site at http://fsps.health.ok.gov.

To "Build a Blue Ribbon Tree," select any materials you choose. If using a living tree, choose a highly visible location and secure needed permission. Creativity is encouraged. Decorate tree with blue ribbons to represent any of the following:

- The confirmed number of abused and neglected children in your county
- The number of new babies born in your community
- Or to show your community's support for children, or something important to your organization, agency, program, or community

Mail, fax or e-mail the following completed form to: Sherie Trice, OSDH Community Based Child Abuse Prevention Grant Coordinator, Oklahoma State Department of Health, Family Support and Prevention Service, 1000 NE 10th Street, Oklahoma City, OK 73117-1299, or call (405)271-7611, fax to (405) 271-1011, or e-mail SherieT@health.ok.gov.

AM I IN A HEALTHY RELATIONSHIP?

By Chelsie Baldwin, VAW Advocate

It's totally normal to look at the world through rosecolored glasses in the early stages of a relationship. But for some people, those rose-colored glasses turn into blinders that keep them from seeing that a relationship isn't as healthy as it should be.

What Makes a Healthy Relationship? Hopefully, you and your significant other are treating each other well. Not sure if that's the case? Take a step back and think about whether your relationship has these seven qualities:

Mutual respect. Does he or she get how fantastic you are and why? (Watch out if the answer to the first part is yes but only because you're acting like someone you're not!) The key is that your spouse is into you for who you are - for your great sense of humor, your love of reality TV, etc. Does your partner listen when you say you're not comfortable doing something and then back off right away? Respect in a relationship means that each person values who the other is and understands - and would never challenge - the other person's boundaries.

Trust. You're talking with a friend and your partner walks by. Do they completely lose their cool or keep walking because they know you'd never cheat on them? It's OK to get a little jealous sometimes - jealousy is a natural emotion. But how a person reacts when feeling jealous is what matters. There's no way you can have a healthy relationship if you don't trust each other.

Honesty. This one goes hand-in-hand with trust because it's tough to trust someone when one of you isn't being honest. Have you ever caught your spouse in a major lie? Like they told you that they had to work on Friday night but it turned out they were hanging out with their friends? The next time they say they have to work, you'll have a lot more trouble believing them and the trust will be on shaky ground.

Support. It's not just in bad times that your partner should support you. Some people are great when your whole world is falling apart but can't take being there when things are going right (and vice versa). In a healthy relationship, your significant other is there with a shoulder to cry on when you find out your parent or grandparent passed and to celebrate with you when you got that new job.

Fairness/equality. You need to have give-and-take in your relationship, too. Do you take turns choosing which new movie to rent? As a couple, do you hang out with your partner's friends as often as you hang out with yours? It's not like you have to keep a running count and make sure things are exactly even, of course. But you'll know if it isn't a pretty fair balance. Things get bad really fast when a relationship turns into a power struggle, with one person fighting to get his or her way all the time.

Separate identities. In a healthy relationship, everyone needs to make compromises. But that doesn't mean you should feel like you're losing out on being yourself. When you started going out, you both had your own lives (families, friends, interests, hobbies, etc.) and that shouldn't change. Neither of you should have to pretend to like something you don't, or give up seeing your friends, or drop out of activities you love. And you also should feel free to keep developing new talents or interests, making new friends, and moving forward.

Good communication. You've probably heard lots of stuff about how men and women don't seem to speak the same language. We all know how many different meanings the little phrase "no, nothing's wrong" can have, depending on who's saying it! But what's important is to ask if you're not sure what he or she means, and speak honestly and openly so that the miscommunication is avoided in the first place. Never keep a feeling bottled up because you're afraid it's not what your significant other wants to hear or because you worry about sounding dumb. And if you need some time to think something through before you're ready to talk about it, the right person will give you some space to do that if you ask for it.

What's an Unhealthy Relationship?

A relationship is unhealthy when it involves mean, disrespectful, controlling, or abusive behavior. Some people have lived in homes with parents who fought a lot or abused each other — emotionally, verbally, or physically. For some people who have grown up around this kind of behavior it can almost seem normal or OK. It's not! Many of us learn from watching and imitating the people close to us. So someone who has lived around violent or disrespectful behavior may not have learned how to treat others with kindness and respect or how to expect the same treatment.

Qualities like kindness and respect are absolute requirements for a healthy relationship. Someone who doesn't yet have this part down may need to work on it with a trained counselor before he or she is ready for a relationship. Meanwhile, even though you might feel bad or feel for someone who's been mistreated, you need to take care of yourself — it's not healthy to stay in a relationship that involves abusive behavior of any kind.

Warning Signs

When a boyfriend or girlfriend uses verbal insults, mean language, nasty putdowns, gets physical by hitting or slapping, or forces someone into sexual activity, it's an important warning sign of verbal, emotional, or physical abuse.

Ask yourself, does my partner:

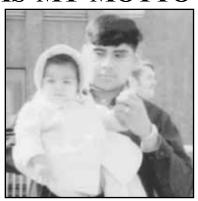

Get angry when I don't drop everything for him or her? Criticize the way I look or dress, and say I'll never be able to find anyone else who would date me? Keep me from seeing friends or from talking to any other guys or girls? Want me to quit an activity, even though I love it? Ever raise a hand when angry, like he or she is about to hit me? Try to force me to go further sexually than I want to?

These aren't the only questions you can ask yourself. If you can think of any way in which your boyfriend or girlfriend is trying to control you, make you feel bad about yourself, isolate you from the rest of your world, or — this is a big one — harm you physically or sexually, then it's time to get out, fast. Let a trusted friend or family member, or the Violence Against Women Program, know what's going on and make sure you're safe.

It can be tempting to make excuses or misinterpret violence, possessiveness, or anger as an expression of love. But even if you know that the person hurting you loves you, it is not healthy. No one deserves to be hit, shoved, or forced into anything he or she doesn't want to do

"GOTTA RUN" IS MY MOTTO

(L) Route 66 marathon in Tulsa, 2006, wearing the shoes that dad bought for me. (R) Dad and Me while stationed in Germany. He always carried me and He loved me.

By Dana Campbell-Sternlof

I have a huge passion to run the Oklahoma City Memorial Marathon faster in 2011! I Run for my Pawnee family, my Mom Susie, my uncle William, and my Dad. I run every day to stay in shape, show respect to our soldiers. I run every day to Honor God our Savior. But running keeps me grounded. I run to prevent diabetes because so many of my family have had diabetes.

In 1988, I begin what I call a short run from apartment to the mall to purchase a pair of good running shoes. That same year my mom passed away it was a very difficult time for me. She encouraged me to be healthy & enjoy my running. Watching the Olympics one year with my mom was a great memory of good motivation for me.

I started to run for pleasure that very hot summer... I ran 14 miles one hot summer from Lawton, Oklahoma to Cache, OK. No cell phones, no iPod, or mp3s just good old plan running. Running hard and strong! I joined the local running clubs and begin running in small 5k road races. (3.2 mile run events)

I always ran well in these smaller road races. But it was my goal and DREAM to run in a marathon. I ran my first marathon in Oklahoma City's Memorial Marathon in 2005.

I dedicated the run to my Dad, Charles, who was battling diabetes. I could not wait to finish the marathon and call my Dad. (Who lived in Anadarko)

I feel so blessed to say that my Dad was proud of my running. From the beginning until January 2010, Dad purchased my running shoes for me.

In May 2010, I dedicated the 10th Oklahoma Memorial Marathon to Dad. This race was challenging run for me. I only trained 81 days for the 26.2 grueling run. I ran great at the start of the race. I had a 54:00 min. 10K. But suffered some severe chaffing on arms and legs! I had a few emotional tears at mile 17. However, the last 2 miles of the marathon I felt strong and really kicked it in at the finish. I felt so great after the marathon. I smiled along the whole 26.2 course.

Things I will not forget & that help keep me grounded and very motivated!

I still remember while I was in elementary school, I experienced a coach yelling at me that I was too fat and slow to be a long distance runner.

The message changed me for life. I feel like I am proof to become and be a runner. It does not matter what size, color, or how you look to be a runner!

I have enjoyed running for 22 years. I really enjoy running in downtown Oklahoma City. I am currently an active member of 2 local running clubs. I participate in 29-33 5K runs a year, including ½ marathons. I volunteer for Edmond's running trails safety video. (can be seen on U-Tube) I call into the Sports animal radio station WWLS as the running girl.I promote health, running and occasionally plug a 5k race or two! I love running! "Gotta run!" is my tag line. So wish me luck in 2011 in OKC's Finest marathon ever! Gotta run...

WELCOME BABY EASTON DAVID EXUM

Easton was born on March 1, 2011, at 9:04 a.m.. He weighed 7 lbs and 14 1/2 ounces and was 19 1/2 inches long. TO OUR APRIL BABES:

Happy Birthday Katee & Justin & Happy 7th Birthday Quannah Love you all Ella, Jamie, Nipawset, Q & Grandma Haeli and her Father, Granthum Stevens, attended the Father/Daughter Ball in Stillwater on March 11th, 2011.

Haeli is the daughter of Louise and Granthum Stevens, and the greatgranddaughter of Herb Rice and the late Mabel Beard. Haeli is in the 1st Grade at Pawnee Elem.

On Saturday and Sunday, March 12th and 13th, Jonathan Soxie and several members of his Pawnee High School FFA group participated in the Oklahoma Youth Expo (OYE) livestock show in Oklahoma City. Jonathan's younger brother Corbin Soxie, 4H member, also was involved. The OYE is classified as the world's largest junior livestock show.

Before the judging started, it was announced that 812 Boer goats were registered for the two day event. In the Senior Showmanship Division, Jonathan placed second out of 40 registered for this event. Jonathan and his goat placed second out of thirty-one registered for this event. This was an all-day event as there were categories for ages 9 through eighteen years.

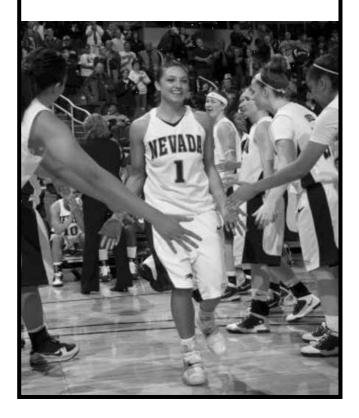

Jonathan also placed second in Class 13 of 49 Boer goats. Overall, he made the top twenty which allowed him to sell his boer goat at the expo. The first place Grand Champion goat was sold for \$5,000. Jonathan's goat received the second highest bid. For his accomplishments, he was ranked 9th out of the entire group.

Jonathan, 18, is a Junior at Pawnee High School and Corbin, 10, is in the third grade at the Pawnee Elementary School. They recently participated in the Pawnee local show and the Pawnee County show and received several awards.

They are the sons of Francis and Rebecca Soxie of Glencoe. Proud grandmothers are Reda Pawnee of El Reno and Phyllis Soxie of Pawnee.

Tahnee Rose Robinson is the great granddaughter of Phillip and Reva Gover (deceased), granddaughter of Sandra May Gover StClair and Darwin J. StClair (deceased), daughter of Sara Rose StClair Robinson and Tim Robinson.

She is a senior at University of Nevada Reno, and was a semifinalist of the AAU Sullivan award for the top amateur athlete in the country.

Geoff Tyner got his picture taken with Ben Affleck on Saturday, March 12 in Bartlesville. He was singing behind the drum helping his half-brother, John David Ballard who was the head singer.

Ben Affleck has been in Bartlesville shooting a movie, and came and attended the Stomp Out Cancer Benefit Gourd Dance and Stomp Dance at the Delaware Cultural Center in Bartlesville, OK.

HAPPY 80TH BIRTHDAY!

Sherman H. Wilde Sr. Celebrated his 80th birthday on March 10, 2011 with his children, grandchildren, and great grandchildren by his side.

He is the son of Oscar and Helen Wilde, and the brother of Doloris Riley of Pawnee. Sherman is a retired carpenter and boxing coach. The family enjoys hearing his stories of growing up in Pawnee.

PAWNEE SEED PRESERVATION PROJECT 2011

Minnie Fields (Right), describing crop cultivation & drying techniques and Geraldine Howell (Left), is seated with her 2010 seeds.

By Deb Echo-Hawk

On Thursday, March 17, 2011, Sixteen community members made their way downtown to Pawnee's Cultural Learning Center for an evening to visit one another about our Pawnee Seeds; plan a community garden; attend the Blessing of the seeds; and to check out seeds for home gardens. Keeper of the Seeds Deb Echo-Hawk, welcomed everyone.

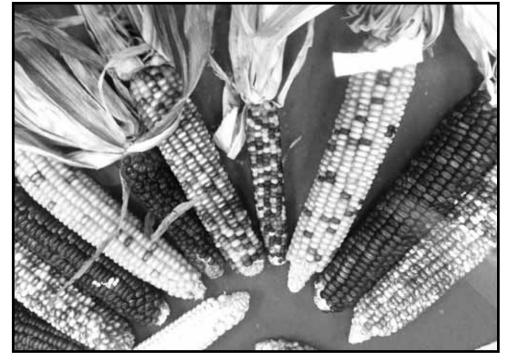

The beautiful Pawnee seed had been on display for two and one-half days at the Center, thanks to Education Department Director Freda Tippeconnie, Chris Hill and youth workers for helping to set it up. Visitors were welcome to come over to see the seeds on display during the day.

The sixteen folks who attended shared stories. Jeana Francis filmed them all. New to the community is Crystal Gingras (Pawnee- Sue Shunatona's daughter), she tried growing seeds in Wichita, Kansas for the 2010 season. She told her story and expressed how she cared and sang songs for the seeds. Crystal hopes she can do just what the people need

her to do to help grow this corn, sing songs and give prayers [she does massages and does other healing work] she feels honored to be a part of this community. Geraldine Howell, 83 years young, has gardened for several years for the Project and brought her seeds from her 2010 garden - mainly blue corn. Geraldine, as a child, spent endless time in her family garden. Her mother was a great cook and mixed corn meal and ground-to-a-powder-meat for them to take back to school. Minnie Fields agreed that Geraldine's mom cooked great garden meals. She, too, spend her early years in the garden, growing and canning the food ... the way of life was good. She didn't know they were poor she said, "We were poor, life was great! There was a lot to be thankful for! Out by Lela we used to pick pecans and put it in the cooking." All she knew were good times with her family and uncles who farmed and produced good food - food that was shared and enjoyed. "That is what we lived on all winter long. They used to make pancakes out of corn meal ... they used to do a lot of things, they were smart!

Geraldine's mom could make the home made jelly and bread, it was awesome. It was an awesome life. I can say that now that I am older! We subsisted on what we grew and we used it all."

Blanche Smith and her husband Chuck was there also. In drying corn shucking the corn was her chore as a child; others roasted the corn and threw it on canvas to cool down. Down the line her mom and others used hand-held shells with sharp edges to remove the damp corn from the cob over a galvanized bowl to catch the kernels. It was spread out to dry in the sun. It was used in corn soup and other ways, too. Blanche, Minnie and Geraldine talked about how the old timers used a tree stump bowl to pulverize the corn with a wooden pole-like mallet and that the Preservation Project should replicate one and use it to show others. We are presently using an 1885 corn grinder that Dawna Ourada (Kearney, Neb.) gave the Project in 2009. It works beautifully and grinds it perfectly leaving chips of corn and flour meal. Volunteer gardeners and tribal members enjoyed grinding corn for Geraldine's blue corn mush that she made for the Young Dog Dance last October. Chuck Smith promised to help his wife Blanche and niece Crystal this summer to which they made sure his words were recorded! Gordon and Mary Adams were there to learn about the Project. Gordon has heard of the Project from the corn information vine for some time now ... so he wanted to see what was hap-

pening. Mary wants to help Deb in the garden this summer. Mary would like to have a garden of her own as her Irish relatives have gardens over 200 years old! Deb pointed out that the Irish up in Nebraska are the main ones who are helping the Pawnee save our seeds by growing them out. Ms. Miller is ready to garden again. She invited IHS gardener Lita Bailly who offered to grow some bush beans. [Any more IHS gardeners out there?] Monie Horsechief is interested, too.

Sonny Howell offered to help any way he can, as he has for his mom Geraldine, "As long as I get to Greeze," he added. TeeTooch Fra-

zier gave a nice talk about how over the years, especially when he was away in California. He knew, "what my mom Deb does in this Project is real important because in pre-Columbus age times the Natives, not only Pawnee, but all of us were supreme athletics. We were perfectly built ... perfect diet enabled us to be great runners. Now days when they talk about Indian Country they talk about the diabetics and obesity and all the other health related problems. So what I am saying is what my mom does is real important to revitalize ourselves to how we used to be ... how we should be. I always said that if something should happen to technology we would fall back to

my mom does, I will try to help and do what I can. I am at IAIA now, but every break that I get I come back and help her out. Last break the apprentices for the earthlodge built an electric fence for the corn. I will fully support the Project". Again the group wanted to make sure his statement was recorded! Our Ancestors were given this corn from Atius and it is ours to protect and to use for the nutrition of our bodies. We need to be a fitness nation again. The Project will be part of the answer since the seeds are proven to be highly nutritious over the super hybrid seeds on market today. Deb explained that she had been meeting other gardeners and giving talks [to which her kids say "Oh, Mom you are so corny!" But when Deb talks they are all ears! Recently she met some Amish people at a talk who explained how they were persecuted across the waters and here in America, but they persisted and now have a culture of their own -self reliant. What they said is there are two ways to pursue life. One ... you can chase

money and lose time with your fam-

ily or Two ... be a community and have family time together. Deb ex-

plained what they have is what our

our traditions and culture. We'll be

set, if you think about it. So for what

Indian Country lost – our sense of community - working together. She said she was an Amish wanna-be! The Amish Deb met believes that tribes where unemployment is high members have nothing to lose by starting gardens and so much to gain from gardening!

We do have an opportunity to have a sizeable community garden thanks to the Pawnee Nation. Its projected location is near where Merton Moore used to live. At this time Jimmy Jestes is arranging for a water line to be placed near the garden. Taylor Mann will till up the top soil. We will see that it is set up for those who are interested. Volunteers for tilling there or at the homes of tribal members are also arranged. Karla KnifeChief hopes the food that is growing in the community garden will go directly to the pantries of the families that participate. The Project purchased a variety of market vegetables - all kinds for the community garden. Some of our Pawnee seeds can be used – especially the Pawnee bush beans and watermelon. Some everyday physical commitment will be needed. Interested community garden families may call 918.762-3390 to be included.

Geraldine introduced Minnie Fields to give the official Blessing over our Pawnee seeds and the Seed Preservation Project. Minnie then reminded us of all the effort that has gone into the seeds of our Ancestors to save them and commended Deb for that work and was pleased to see young people involved. She reminded us of all of the Japanese families and our Americans over in Japan need our prayers, too. Her prayer ... Blessings over the seeds and Project was heard and was intended for all of us – the Akitaru.

PAWNEE NATION FOOD CODE INFORMATION

By Kelton Kersey, Ranger/Environmental Specialist Department of Environmental Conservation and Safety

The Pawnee Nation Department of Environmental Conservation and Safety has posted a Temporary Food Establishment Permit application on their website at http://pawneenation.org/divisions/view/49. This includes a link to the 2005 FDA Food Code.

A Temporary Food Establishment is a food establishment that operates for a period of no more than 14 consecutive days in conjunction with a single event or celebration. Anyone selling food on the Pawnee Nation that is prepared on-site, in a Pawnee Nation kitchen or concession stand, is required to obtain a permit and submit copies of current food handler's cards.

If the food is prepared off-site, in your home for example, and available for sale then a permit is not required, but notification by signage or placard that the food is prepared in a kitchen that is not subject to regulation and inspection must be posted.

Resolution 09-44 adopted the 2005 Food Code and revised some definitions, such as Food Establishment is amended to add a paragraph (h): "A kitchen in a private home or outdoors that provides food for participants at tribal events such as dances and that is not customarily in the business of providing food to the public," is exempt from the permit requirement. Pot-luck type dinners (food not for sale) are exempt from the permit requirement.

THE MISSION

Our mission is designed to minister to men and women who are looking for hope in their lives. One way that we do that is through food, music, and testimonies of our own life experiences. We are reaching people that are addicted, hurting, hopeless, lonely, scared and in pain. People may fall, but it is possible for them to get back up without feeling guilty or judged. We all stumble in different areas of our lives – who are we to judge each other? With our eyes on Christ, our hope is that we encourage others to seek the Lord in times of need, and also in times of praise. We also serve people who are just in need of worship, fellowship, and time in the word of God.

Lives have already been changed because of the great love that the Lord provides. A new beginning is possible; many have already found their way. One man's testimony speaks volumes, "Ellis, I've kicked meth and pills and now that I've found the Lord, I'm experiencing a natural high." We want you to know: You can kick the habit and experience a high much greater than you could imagine!

We provide a healthy home-style cooked meal every week – free of charge. The Mission does not charge for our servants' work and is totally funded by individuals who have a heart for helping those who are suffering. If you would like to know more about The Mission, you may join us while we break bread together and also in our time of fellowship on Mondays at the small room Roam Chief bldg. at 6:30 p.m. Any other questions please give us a call or contact us through email at 918-399-0760 or ramona.horsechief@yahoo.com. Thank you for taking the time to read our mission statement. We appreciate your prayers. Take a chance and come check it out!

- Ellis and Monie Horsechief

Each one should use whatever gift he has received to serve others, faithfully administering God's grace in its various forms. If anyone speaks, he should do it as one speaking the very words of God. If anyone serves, he should do it with the strength God provides, so that in all things God may be praised through Jesus Christ.

GRANT PROVIDES LAW ENFORCEMENT A NEW HOME

The Pawnee Nation received notification on March 23, 2011 of the award of an \$800,000 grant from the U.S. Housing and Urban Development, Oklahoma City Office.

This proposal that was submitted under the Indian Community Block Grant FY 2010 funding cycle is to design and construct a 2,900 square foot facility in which to house the Law Enforcement Division. The Pawnee Nation believes that a facility such as this addresses the current and future needs of this particular tribal division and that the proposed design, location and anticipated cost savings are an enhancement to the existing space that is being occupied.

This facility will be located on the Pawnee Tribal Reserve on the south side of Heritage Road which is the access road for the recently construction Pawnee Indian Health Center. This new facility's location is approximately ¼ mile east of the former Pawnee Indian School, which houses the Tribal Offices along with the Pawnee Nation College. This proposed site is also visible to two Federal Facilities, Pawnee Agency for the Bureau of Indian Affairs (BIA) and the Pawnee Indian Health Center for the Indian Health Service (IHS).

The design of this new 2,900 SF facility includes the use of a Geothermal Heating and Cooling system, which will provide an additional cost savings for the utilities in a facility of this size. This new facility will be the fifth facility located on the Pawnee Tribal Reserve that has the Geo-thermal system in it

Through the design and construction of this 2,900 SF facility, then there will be adequate office space, storage for departmental equipment, storage for evidence from crime scenes, training facility for intervention and prevention activities to assist in decreasing the crime levels for the tribal community and for the tribal and Federal offices that are located on the Pawnee Nation Tribal Reserve.

An aggressive implementation schedule has been developed that projects that this new facility will be operational late spring or before the Pawnee Indian Homecoming in July of 2012. The solicitation process has already begun for the selection of an architectural firm that will be in charge of the design of this new facility.

PBC RECEIVES THE 2011 STATE HISTORIC PRESERVATION OFFICER'S CITATION OF MERIT

The Pawnee Nation received notification from the State Historic Preservation Office that the Pawnee Business Council had been selected to receive the 2011 State Historic Preservation Officer's Citation of Merit. This special recognition is given for their outstanding efforts to rehabilitate selected buildings that are located within the "Pawnee Agency and Boarding School Historic District". The buildings that

have been rehabilitated and renovated include the second floor of the former Girl's Dormitory, Staff Quarters, dining hall, tribal court house and the former Pawnee Indian Hospital.

This award will be presented at the 23rd Annual Statewide Preservation Conference that will be held in Guymon, Oklahoma on June 9, 2011.

ASSOCIATION ON AMERICAN INDIAN AFFAIRS SCHOLARSHIPS

Information for the 2011-2012 school year has been updated and we will be accepting application packages between April 4-June 13, 2011 only.

We have very little emergency aid for the spring semester. Please call our office to verify funding is available before submitting an application and to see if your situation qualifies.

AAIA has a long history of providing scholarships to college students, awarding our first scholarship in 1948. We currently have eight scholarship programs for graduate and undergraduate students. Funding is made available due to the generosity of our donors, therefore the number of scholarships provided varies from year to year. All scholarships are for students who are from federally recognized tribes and who are at least 1/4 Indian blood unless otherwise stated.

Students should submit one application package only. You will be considered for all scholarships for which you are eligible. STORY ON PAGE 22

STRANGLING THE TRUTH

By Theda GoodFox Kresge

"You need to hear this story about your grandfather; I think you will get a laugh out of it."

It was Martha Blaine, a friend and former archivist of the Oklahoma Historical Society, Oklahoma City. In phone visits, I occasionally heard stories of her research in her historical writing.

When Martha had an anecdote to share, I knew to listen and not interrupt, "This took place in the late 1800s, after the Pawnees had been moved to Oklahoma. The four bands had been settled on their lands in Indian Territory. There were so many deaths and illnesses among the Pawnees and problems with the Whites who lived around them."

I remembered family elders' stories about my great-grandfather Curly Chief and my grandfather William Mathews being on the journey when our Pawnee tribe was removed into Oklahoma. They and other members of the Kitkehauki band settled near the Cimarron River in what later became the communities of Yale and Cushing, OK. Relatives speculated Grandpa Mathews must have been 10 or 11 years old when making that fateful journey; he always said he was "big enough to ride a horse". Sharing this information once with Martha, brought forth the observation that Grandpa Mathews was undoubtedly on the third and final removal trip in 1874.

Martha continued, "A headlined story came out in the Stillwater newspaper reporting your grandfather Curly Chief and his warriors had surrounded the town and were preparing to attack. The story said they were "bold and defiant". The townspeople were very frightened and most upset about this act."

"Word about this outrageous act was sent to the Indian Agent, D.J.M. Wood, who immediately responded it was a lie, describing your grandfather with the words, "a kinder man you could not find."

Martha continued, "Another newspaper story also told of the Indian Agent being shot by the Indians. Agent Wood reacted. stating again this too was a lie. This did not stop the frightened whites who were reportedly arming themselves so Curly Chief and the others could not scalp them."

"The Indian Agent offered his opinion if the newspapers and the whites would simply leave the Indians alone; mind their own business that they would enjoy life much better and sleep more sweetly at night."

The simple truth was at that particular time, my great-grandfather Curly Chief was in Arkansas City, on the Kansas border having driven a wagon there to pick up supplies that had been delivered for the tribe. Apparently the practice was one conducted by male tribal members for the provisions to be distributed by the government to the Pawnees. Following the tribal removal, without their hunting grounds and their cycle of farming, the daily existence for Pawnee people had become one of constant hunger, illnesses, death and frustration. The clarity of the removal is it was a defining time in our tribal history, culture and way of life then and thereafter. Ouality of Pawnee tribal life with the many traditions and customs that had been in existence for centuries in Nebraska was gone. Removal destroyed the unique sense of self for the people.

What I know about my grandfather Curly Chief is sparse. A late uncle gave me a photograph of Curly Chief with two brothers. He does not appear very tall, wearing his hair pulled up and back; relatives have said his hair was curly. He wears no shirt, only leggings and moccasins. He does not appear flabby; his physique is that of an active man. All in the photo appear stern and serious. Trying to

image how he might have looked smiling or laughing, I think even in laughter, his eyes would remain critical and observant.

In 1892, the Cherokee Jerome Commission was in Indian Territory to talk with the Pawnees and other tribes about their surplus lands. The discussion between the Pawnees and the commission members was heated with veiled threats from the commission members at times. Curly Chief was in no hurry to deal with them, remarking, "Our land is money, our timber [is] money. It will not run away." He suggested the commissioners "go deal with the Osages first." Curly Chief's stubbornness annoyed the Commission.

After almost a month from their first meeting, wherein the Pawnees had argued, tried persuading, pleaded, and asked for justice with no giving in from the officials. Finally the Pawnees relented. Curly Chief, the oldest chief, was asked to speak for all the chiefs to the commission.

Telling the commissioners, he did not have the heart to decide but the land belonged to the tribe and the commission members could see it was what they had decided - to accept the government's offer. Curly Chief's speech was the last made by a Pawnee before the loss of their lands they believed they should not have to sell.

In the summer of 1893, allotments of land was completed. President Grover Cleveland issued a proclamation, August 19, 1893, "all the lands acquired from the Cherokee Nation of Indians, the Tonkawa tribe of Indians and the Pawnee tribe of Indians . . . will be opened to settlement."

The land opened for settlement on September 16, 1893. It is estimated that 100,000 people rushed in by horse, wagon, and on foot claiming and occupying former Pawnee and other tribal lands.

PAWNEE NATION PLANNING UPDATE

By Ted Moore, Planning Director

Nowa, the Planning Office submitted a proposal to the Native American Language Preservation and Maintenance Grant for the Administration for Native Americans (ANA) funding cycle. The goal of the proposed project, Paarí Pakuuru' Pitku, is to establish an approach to revitalize, preserve, and sustain the Pawnee language by targeting language activities for our Indian children, creating viable intergener-

ational and distance learning strategies, and embracing our community either from local or out of area in keeping our Pawnee language strong for future generations.

The proposed project will develop language and culturally specific curriculum lessons for children. The purpose of the lessons is to enhance learning at preschool and after school to include basic to children's conversational structure. Intergenerational teaching of Pawnee language skills will be provided involving youth and elders through a summer camp.

The project will provide distance learning methods and an internet link will be created to access language resources and curriculum lessons. Short version DVDs will be created to enhance these efforts. Renewing interest in the Pawnee language and networking with the community will be maintained through the project by first circulat-

ing a questionnaire to tribal members to determine their interests in the language.

The proposed project will employ two new workers, a Curriculum Coordinator and a Project Recruiter and hire Pawnee language speakers as consultants to aid in the development and teaching. We will know if we are funded in July, 2011.
