Subject: Genoa Indian School Foundation Wolfe Family Scholarship

The Native American students who attended the Genoa U.S. Indian School from 1884 to 1934 contributed to the history of Genoa, the state of Nebraska, and the United States through their presence, language, and culture. In recognition of the contributions of these students, the Genoa U.S. Indian School Foundation and the children of Dale and Alice Wolfe will now offer a \$2,000.00 college scholarship to a descendant of a former Genoa U.S. Indian School student. Former student, Dale Wolfe, member of the Eastern Band of Cherokee Indians, realized the value of education at a young age and continued his pursuit of education to become a Research Engineer with Boeing at NASA's Johnson Space Center. In providing this scholarship it is our privilege and an honor to assist Genoa U.S. Indian School descendants in their pursuit of a higher education.
